Memorandum of Understanding

between St. Xavier's Sr. Sec. School and Gefion Gymnasium

St. Xavier's Sr. Sec. School and Gefion Gymnasium have decided to establish a cooperative relationship between schools and to embark on international co-operation and exchange programs as follows:

1. Students' exchange programs once a year or every other year. A group of students from the visiting school can go to visit and study at the hosting school for a short period of time (for example one or two weeks). The international transportation expenses are to be covered by the students or the visiting school, and other expenses including accommodation are to be covered by the hosting school. Students are accommodated in private homes with students from the host school.
2. International exchanges between teachers once a year: One or two teachers can go to study or work at the hosting school for a short period of time (for example one or two weeks). The international transportation expenses are to be covered by the visiting school, and the other expenses including accommodation are to be covered by the hosting school.
3. Internet based communication between classes and teachers on common subjects.
4. Mutual visits between principals or vice principals every other year for the communication of teaching and management methodologies.
5. Other cooperation and exchanges to be developed.

Fr. John Ravi

Principal, St. Xavier's Sr. Sec. School

Birgitte Vederso

Principal, Gefion Gymnasium
